Edition, 2e comes from the same author team as the market-
leading Principles of Economics textbook. Microeconomics: Brief
Edition tailors the core concepts from proven leader
Microeconomics, 19th edition to create a concise introduction to
the course that is distinct in purpose, style, and coverage. Like
the 19th edition, Microeconomics: Brief Edition, 2e continues to
be innovative while teaching students in a clear, unbiased way.
Content and pedagogy have 3 main goals: help the beginning
student master the principles essential for understanding the
economizing problem, specific economic issues, and the policy
alternatives; help the student understand and apply the
economic perspective and reason accurately and objectively
about economic matters; and promote a lasting student interest
in economics and the economy. Connect is the only integrated

I actually started off looking over this pdf. I am quite late in start reading this one, but better then never. Once you begin to read the book, it is extremely difficult to leave it before concluding.
