No longer will you find it difficult remembering letter sounds because our lip formation chart demonstrates how the mouth should be formed when making all letter sounds inclusive of long and short vowel sounds. We have included guided writing activities for each letter of the alphabet. First, you will learn to trace uppercase and lowercase letters, and then move on to writing these letters independently by following the arrows that guide formation. This is one of the best strategies to ensure that you are able to identify and write the letters of the alphabet in uppercase and lowercase forms. Reading Foundation brings all letters to life. You will absolutely enjoy how these letters tell a lot about themselves in conversations with each other. This makes it really easy to remember the difference in uppercase and lowercase letters. We make learning fun! Ready to go!.
